<b>WEEK 41</b> <b>(18/07/2024)</b>	Group 1- Dr. Elham Al-Duaij Group 2- Dr. Bedour Al-Bader Group 3- Dr. Fatemeh Al-Kendari	Dr. Ali Al-Tajaly Dr. Shenoda Anwar Dr. Noura Al-Nouri
<b>WEEK 42</b> <b>(25/07/2024)</b>	Group 1- Dr. Nourah Al-Modahka Group 2- Dr. Fawzia A-IRashidi	Dr. Mohammed Mustafa TBD

**Instructions to tutors**

- Tutors are expected to start on time.
- If tutors are on leave, the board director (Dr. Ammar) should be informed to arrange an alternative option.
- If tutors are sick on the date of interview, the session should be postponed and communicated with residents for suitable timing.
- The tutor is expected to observe the interviewer and give feedback (verbal and written) with respect to time and place. An evaluation form of the interview must be filled by the tutor while the resident conducting the interview to have best benefit of feedback.
- The focus of clinical interview in R1 would be interviewing techniques (history and mental status examination) to be a competent psychiatrist.

**Instructions to residents**

- Residents are expected to be ready on time.
- If residents are on leave, the board director (Dr. Ammar) should be informed to arrange an alternative option.
- If residents are sick on the date of interview, the session should be postponed and communicated with tutors for suitable timing.
- Residents are expected to carry on an interview with patient with tutor observation. Also, an evaluation form must be provided by resident to the tutor and collect the evaluation after the
