

PGY 3 Schedule – core curriculum

1. Academic day on Thursdays, unless mentioned otherwise (time can be adjusted with the tutor for better convenience).
2. Residents are expected to attend all activities as the aim of the lectures is to provide a comprehensive foundation in general psychiatry, for developing psychiatric residents.
3. All residents attending the core curriculum lectures will be expected to have read the appropriate chapters written in the references. Chapters may overlap and get repeated due to importance of subject. Electronic access will be provided to residents via the board website. The main reference is Kaplan and Sadocks synopsis edition 12. Articles and other references will be provided in PDF documents.
4. On the day of the lectures, you will be expected to complete a Tutor's Evaluation Form for each lecture.
5. Attendance will be monitored via tutors. Attendance rates below 70% may result in an "unsatisfactory" rating and will become part of your academic file and will be reviewed by the program director.
6. In case of unavailability of supervisors or presenting resident, the curriculum coordinator must be notified to arrange a substitute.
7. In case of academic day schedule change, it is expected that the residents will resume their work duty on that day.
8. Residents are asked to arrange their on-call schedules and duties. Avoid (if possible) night duty on Wednesdays for better preparation for academic day.

Core Curriculum PGY3 lectures

Topic	Time	Recommended Presenters	CaNMEDS objectives:	References	Tutor Signature
